

SPRING CLEANING TIPS

KISER CONSTRUCTION
FIRE | WATER | STORM | REMODEL

**CLEAN & INSPECT
GUTTERS & DOWNSPOUTS**

- Set up ladder on level-ground only
- Wear gloves
- Rinse gutters with hose after clearing debris by hand

**PRESSURE WASH
EXTERIOR**

- Seal any gaps around windows and doors first
- Avoid areas where siding is damaged or missing
- Use a safe and mild cleaning solution

**CLEAN UP YARD
& GARDENS**

- Plant grass seed
- Spread fresh mulch
- Trim trees (larger tree species should be trimmed by a professional)

- Clear any debris away from foundation
- Once clear, check for cracks in foundation and seal any you find with a waterproof caulk

- Clean glass, screens, and frames
- Replace any damaged weatherstripping
- Seal any new gaps with caulk or weatherstripping

- Exterior paint that is chipping or peeling should be scraped and re-painted to prevent water damage
- If you suspect the paint is lead-based, call a professional for removal
